## SUMMARY

A full-stack developer with a passion for both creating responsive applications as well as constructing efficient backend APIs. Experience in both development & design. Focused on growing my skills with every opportunity.

## EXPERIENCE

### Full-stack Developer

*Techies of Tomorrow*

🕒 Mar 2021 – May 2021

- Built out a fully functioning CRM using React, Nextjs, Node.js, PostgreSQL, and AWS.
- Used React with Next.js to build out components and pages.
- Collaborated with front-end developers, building out endpoints which they requested.

### Landscaper

*Fretter Design*

🕒 2017 – 2019

- Maintained 20+ customer properties on a monthly basis.
- Provided thoughtful customer service to 200+ customers.
- Carried out tasks with an eye for the finer details

## PROJECTS

### Customer Relationship Manager

*Burnaby Board of Trade*

- Built with **React, Nodejs, Nextjs, Express, AWS, and PostgreSQL**
- A fully functioning CRM for the Burnaby Board of Trade to manage their contacts.
- As the lead backend developer, I built out the database structure, modals, and controllers, as well as used AWS SNS and SES to build out endpoints for email/texting contacts.
- Built out scalable frontend components/pages.

### Petsave

*BCIT*

- **React, Nodejs, MySQL, Express, AWS S3**
- A social media web application for animal rescues and rehabilitation centers, built by a team of 4 BCIT students.
- Worked as a full-stack dev to create both the front and back-end.
- Used AWS S3 to store database images

### Poman

*BCIT*

- Uses **Yelp** and **Google Maps** API
- Poman is a Social Network app meant to connect local food lovers to explore what their city has to offer!
- Designed the UI, Icons, and the applications' logo using Adobe Xd and Illustrator.

## TECHNICAL SKILLS

Javascript • Node.js • React • Next.js • PHP  
• MySQL • PostgreSQL • React Native • Express • Wordpress • styled-components  
• HTML • CSS • SCSS

AWS • Firebase • Git • Postman • Asana

Figma • Adobe Creative Cloud • Material Design

## EDUCATION

### BCIT

*Digital Design and Development Diploma*

🕒 2019–2021

- Worked in teams to create 4 React web applications.
- Built database diagrams and backend CRUD systems
- Designed multiple responsive UIs using Figma & XD

## VOLUNTEER

### + Lifeguard

*Sungod Recreation Center*

🕒 2016

- Patiently taught swimming lessons to 20+ school-aged children per day.
- Practiced first aid and life-saving procedures.
- Collaborated with co-workers, communicating concerns effectively.

### 📷 Photographer

*Surrey Christian School*

🕒 2016–2018

- Co-lead editor and photographer for the yearbook
- Managed a team of 5 younger students and ensured tasks were carried out efficiently.
- Consistently made hard deadlines to deliver a polished end product
